"The training Gale provided was very beneficial to our organization. It provided the opportunity to look at ourselves as leaders and realize the power to change is within each of us, but how we chose to pursue, communicate and live the change is what our employees, team members and others will see. We each have the power to change and do so in our personal lives many times. We can take this same initiative into our workplace and choose to be the agent to effect positive change for our organization."
—former EQ-i 2.0 course participant

"The program makes me think about how a 'team' affects our department and how to pull out each one of our strengths. We need to do more of this, it was awesome!" —Employee, Rockwell Collins

"Gale is inspirational to employees of all levels and professions. The program is refreshing and upbeat, something we all need in this day and age. You bring things to the table that can be used not only in my job but everyday life." —Employee, NCMIC Group, Inc.
